Youth committee met via phone –

Next Sunday a youth meeting is schedule date selection

Sanctions were late this year meet flyers are late

This works counter to increasing numbers for TRA

Clubs will have dates and flyers ready to go by a certain date

More clubs are willing to host meets and hopefully we will have a surplus

Youth Travel Grant – in efforts to assist costs for travel to national meets

Problem with the grant it has not been used

What do we do with the grant and the \$1 fee that clubs pay for each meet

Does it get eliminated

What meets are included or excluded

All the checks are still in the possession of Chuck Davis for the last 2 years

A discussion was had about the monies not matching the expenses for travel, whether people know about the fund, how do the constituents learn of the grant

TRA Honors Program – what is the fairest way to honor the athletes

How are athletes nominated

Head coaches and parents of unattached athletes could nominate athletes

There have not been any nominations for this past season

Does this continue

Suggestion – send a separate email the honors program (its imbedded in the message)

Take nominations at the meeting next week as an alternative

Suggestion move forward with the honors this year and reassess in 2019
